CS UNITEC

### Pneumatic Reciprocating Saws – “The Cat”

The most powerful in the industry! Hand-held or clamp-mounted cutting in tough environments. Ideal for cutting pipes, structural steel, pallets and more.

- Cuts steel pipe and channel 1/2" to 4" diameter, plastic pipe to 8" diameter
- Ideal for the toughest use in refineries, chemical plants, gas utilities, construction, offshore oil, mining, marine and demolition industries
- 1.3 HP air motor provides more power than conventional air saws
- 1-1/8" blade stroke for fast, efficient cutting
- Can be mounted on a pipe clamp to make 90° cuts
- Variable speed of 0 – 1800 strokes per minute
- Accepts universal saw blades or thicker, double-tang heavy-duty saw blades
- Molded rubber boot for ergonomic grip
- One-year warranty

CS UNITEC

### Pneumatic Portable Band Saws

Speed through tough cutting jobs using a portable band saw with big cutting capacities including 4-3/4" or 7-1/4" O.D. Fast, on-site cutting of pipe, conduit, bolts, cable, angle iron, I-beams, steel plate and more.

- Safer in hazardous atmospheres than electric saws
- Ideal for process shutdowns and turnarounds
- Reduces need for "hot work permits"
- No fear of electric shock or blown circuitry in wet environments
- AirBand™ models with aluminum housing cut up to 4-3/4" O.D.
- Deep Throat™ models with planetary gearbox cut up to 7" O.D.
- Vertical orientation of the motor provides clear view of the cut
- Adjustable tracking mechanism for blade alignment
- Also Available: Vice clamps for straight cutting

### Portable Hacksaws for Tough Duty

CS Unitec's power hacksaws offer a wide range of options for portable cutting of pipe, structural steel, tanks and other materials. Our saws are designed for the toughest service in refineries, power plants, utilities, offshore oil, construction and demolition applications and are ideal for shutdowns and turnarounds in process piping industries. CS Unitec's Pneumatic Saws are safer than cutting with a welding torch in hazardous areas or confined spaces.

- Pneumatic, electric or hydraulic motor with variable speeds
- Compact size, ideal for cutting in confined spaces
- 2-3/8" blade stroke
- Pipe clamps for 90° cutting of up to 24" O.D. pipe
- Profile clamps for structural steel
- Wide variety of blades and accessories for cutting steel, stainless steel, aluminum, plastic, wood and ductile iron
- Optional blade guide to ensure right-angle cuts
- Automatically cut pipe with our optional self-feeding, pneumatic-powered pipe clamp system

CS UNITEC

### 4 HP Pneumatic Chain Saw

The most powerful chain saw in its class! Heavy duty air chain saws for cutting wood and plastics with cutting capacities of 10", 15", 17", 21" and 25".

- Ideal for use in polyethylene plants, petrochemical industries, utilities, underground mines and marine applications
- Pneumatic power is safer than gas or electric in hazardous atmospheres and wet environments, including underwater applications
- Low maintenance and easy startup – saw chain and motor are automatically oiled by two separate lubricating systems
- Powerful 4 HP motor at 90 PSI air pressure and 92 CFM
- Chain guard to protect operator
- .404 pitch Super Chisel saw chain is standard
- Carbide-tipped and Ripping saw chain are optional
